

Why Is There a Physical Education & Wellness Requirement?

- It is critical to establish healthy habits during transitional years, high school to college.
- It is expected that students complete the Physical Education & Wellness GIR by the end of their second year. This helps students establish healthy habits early in college and before more opportunities become available in the 3rd and 4th year at MIT. Also, the timing will be right for study abroad, UROPS and exciting research during junior and senior years.
